STAKE HOLDER	FEEDBACK ANALYSIS REPORT 2021-2022
FACULTY	94% of respondents said the curriculum is competent and focused on needs. 6% said the curriculum should be enhanced to guarantee increased student involvement.
STUDENTS	The majority of students 84% thought the syllabus was more than acceptable in light of the abilities anticipated from the course material. 16% of the students advised adding electives like forensic dentistry and aesthetic dentistry.
EMPLOYER	The syllabus and curriculum were deemed sufficient by 91% of respondents since it included current breakthroughs. 5% of respondents recommended adding extra clinical content to help students adequately prepare for clinical competence.
ALUMNI	97% said the entire curriculum was carefully crafted and narrowly targeted to meet the demands of competitive tests and expanding competency requirements.
PROFESSIONAL	The course, in the opinion of 94% of the specialists, covered all areas of clinical and theoretical knowledge. However, they underlined the significance of encouraging full student involvement in the educational process.

ACTION TAKEN ON FEEDBACK REPORT 2021-2022

The stakeholder feedback reports that were received were examined. The majority of the faculty members and students agreed that the curriculum and syllabus are satisfactory. It was suggested that all clinical departments offer more add-on courses. It has taken the decision to do more practical demonstrations relevant to the practical exams.
